MEDICAL.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realised, that Ponce de Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed, These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

Invariably Cure the following Diseases:

TWO TRAVELERS.

A man passed over the road
In the early days of spring,
When the grandest flower that ever bloomed
Was brightly blossoming.
And never a word he spoke,
And his face was marble-cold,
But millions of men above him wept,
And a million bells were tolled.
And the cities were draped in black,
And the towns were wrapped in gloom,
"For he is dead," the people said,
"Who made the flower to bloom."
Down many a swarthy face
Unnumbered tears [illegible] flowed,
[illegible] spoke
"Who lifted our weary load."
And they builded him a tomb
Afar in the silent West,
And that beautiful flower with men all Peace
Spread its leaves above his breast.

A man passed over the road
Ere the summer days were dead,
And the leaves of the flower that blossomed in spring
He trampled with ruthless tread.
And many a word he spoke,
And his arrogant face was flushed;
And he laughed aloud with the noisy crowd,
When the leaves of the flower were crushed.
But down many a swarthy face
Flowed tears of bitterest pain;
"For he is come"—the bondsmen spoke—
"To forge our chains again."
He must seek the tomb some time,
Afar in the silent West;
But will ever the bower which men call Peace
Spread its leaves above his breast?

A NEW MEANS OF EXTINGUISHING FIRES.—Most people have probably never thought that there can be any other way of extinguishing fires than by the use of water. But chemists think differently, and one of the great problems that now interest and engage scientific men is the discovery of something that shall perform the same office as water in the extinguishing of fires and be always available. The most important progress in this direction has been made by two European chemists, M. Amie Maurice and M. Muterso, who have invented a sort of cartridge, containing ingredients which are eminently capable of extinguishing fire. This is effected by the sudden development of a large quantity of hydroloric (muriatic) acid gas, well known to be such an enemy to combustion that even a small portion, mixed with atmospheric air, is sufficient either to prevent combustion or to arrest its progress if it has already commenced. This scientific principle has been known for many years, but it has never been put in so simple a practical form as the present. These cartridges are like brown paper parcels, and are of two sizes. No. 1 is about 8 inches long and 2½ inches wide, and is intended to be thrown by the hand into the heart of the fire. A string is also attached by which it may be projected as from a sling. The cartridge is slightly explosive, so as to well disseminate to the greatest extent the substance containing the extinguishing gas. No. 2, or the second sized cartridge, is simply thrown (the cover being torn off) into the water of the engines, which is saturated with a substance producing hydrocloric acid gas as soon as the water touches the fire. Experiments have proved that only one-tenth of the water that would have been necessary to extinguish a fire is requisite when the cartridges are mixed with it, and that the saving of time is in the same ratio. The cost of these cartridges is trifling. The matter is certainly worth the careful and thoughtful attention of scientific men, property owners and underwriters, for property to the value of many millions is annually destroyed by fire when it is impossible to obtain water to check the flames.—*Boston Journal.*

PURITY OF CHARACTER.—Over the beauty of the plum and apricot there grows a bloom and beauty more exquisite than the first fruit itself—a soft, delicate flush that overspreads the cheek. Now, if you strike your hand over that, it is at once gone forever, for it never grows but once. The flower that hangs in the morning, impearled with dew—arrayed as no queenly woman ever was arrayed with jewels—once shake it so that the beads roll off, and you may sprinkle water over it as you please, yet it never can be made again what it was when the dew fell silently upon it from heaven! On a frosty morning you may see the panes of glass covered with landscapes, mountains, lakes and trees, blended in a beautiful fantastic picture. Now lay your hand upon the glass, and by the scratch of a finger, or by the warmth of the palm, all the delicate tracery will be obliterated. So there is in youth a beauty and purity of character which when once touched and defiled can never be restored; a fringe more delicate than frost-work, and which, when torn and broken, will never be re-embroidered. A man who has spotted and spoiled his garments in youth, though he may seek to make them white again, can never wholly do it, even were he to wash them with his tears. When a young man leaves his father's house, with the blessing of his mother's kiss still wet upon his forehead, if he once loses that purity of character, it is a loss that he can never make whole again. Such is the consequence of crime. Its effects cannot be eradicated—it can only be forgiven.

VOTE OF THE GREAT CITIES.—The following were the votes polled during the recent elections in the large cities: New York, 113,585; Philadelphia, 103,300; Brooklyn, 48,919; Cincinnati and Hamilton county, 40,448; Baltimore, 21,600; St. Louis, 21,135; Chicago, 20,945; Boston Suffolk county, 14,570.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, DECEMBER 19, 1866

FENIANS.—The New York *Dispatch*, under date of November 18th has the following relative to the Fenian movement:

"James Stephens, the "C. O. I. R.," has departed from our city—his destination supposed to be Ireland, and his mission revolution. The sound of his voice on the shore of Erin is to be like a "blast upon a bugle horn" to the panting armies that await the signal. From his own lips we have the declaration that a force of 50,000 drilled soldiers are ready for action, with a reserve of 150,000 enrolled men to follow up the first blow. The lack, if lack there be, is in arms and munitions of war; not more than twenty thousand stand of muskets having been, as yet, secured for the organization. Yet Mr. Stevens a sured us, two weeks ago, that the initiative of insurrection will be taken before December 15, and that the grand struggle will be decided early in 1867."

The Head Center evidently miscalculated the time for the great uprising of the Irish revolutionists. However, a day or two does not matter much when the event sought for is taken into consideration: the driving out of English authority from the "[illegible]d." In the estimat[illegible] complish this object "most devoutly to be wished for" by the "Brotherhood," the Irish people will proceed in a body, so Head Center Stephens says, to shake the dust of Ireland from their feet and migrate thitherward, where they will swell the Democratic ranks to huge proportions; to all which we most sincerely wish them God speed; but we want them to embrace good Republican Democratic principles, and not be satisfied to follow the demogogues who have heretofore mostly *used* them, and most outrageously abused them. Neither do the citizens want them to become naturalized as *American* citizens if they intend to use their citizenship for the purpose of burning barns and murdering innocent people in order to wreak their vengeance upon a power with which our government is at peace, and when caught at their disreputable acts, invoke the ægis of our government for their protection, as in the recent raid upon the farmers in Canada. So long as they confine their operations against the English *government*, so long we wish them that success which we are willing to give ALL—"life, liberty and the right to the pursuit of happiness."

FLYING MACHINE.—It appears that the San Franciscans, not satisfied with steamships, steamboats, railroads, horse-cars and and all the other usual appliances for fast and slow traveling are to have a flying machine on the 21th of this month which is to fly with, against or crosswise the wind. We are sorry the article we quote below does not give the dimensions of the car as then we could have made calculations as to the number of persons that could be supplied with sailing passage to the moon "or any where else." After naming the number of experiments to be made the *Call* says:

"After these preliminary operations, on or about the 24th of this month, the public, guaranteed against disappointment, will have an opportunity of witnessing the performances of the first practical aerial machine, sailing through the air, "like a thing of life," to any given point. The plans of the Aviton, it is stated, have been submitted to scientific men and engineers of the first rank, who, one and all express their perfect confidence that the principle is correct, and that the present carriage will completely succeed. The novelty and absolute simplicity of the idea, caused some surprise that it should have remained so long unrealized. Arangements have been made for the conveyance to the ground of thirty thousand people, when the show comes off, and with the agents of Wells, Fargo & Co. for the sale of tickets for such conveyances at their offices throughout the State."

ROBBERS ARRESTED.—Two men named Tom Laswell and James W. Crum, were arrested at Sacramento on Saturday last by the police of that city, as the leader and one of the members of the gang of highwaymen who robbed the treasure-box of Wells, Fargo & Co., and the passengers of the stage, on the 31st of October last, near Virginia City. It is said that this arrest is owing mainly to the perseverance of Chief Edwards, of the Virginia City police. Edwards, with his prisoners went to Virginia on Monday last.

AVERY-BIGLER MUDDLE.—The United States grand Jury for San Francisco have indicted all the Assistant Assessors who have heretofore refused to report to Bigler, and one of the Deputy Marshals is now out arresting them. Among those indicted for not acknowledging "my policy" as administered through Big Johnler is Capt. J. Ives Fitch.

THE weather in and about our town during the past has been decidedly moist. It has rained steadily for nearly five days, a portion of which time heavy storms prevailed. For the season of the year it has been remarkably pleasant, indoors, the cold be[illegible]just sufficient to make a fire necessary.

DMITTED TO BAIL.—In the United States District Court at San Francisco on the 17th on motion of George Cadwalader, Judge Hoffman entered a general order in the case of each of the fifteen Assessors indicted [illegible]porting to Avery instead of to Bigler, fixing bail at $1,500 and allowing it to be given before any State magistrate. This renders unnecessary the appearance at San Francisco of any of the Assessors.

SNOW is eighteen inches deep at Zerr's Ranch and over three feet at Cisco. The cars, however, make their regular trips to the latter place twice a day.

LOW IN CAMP.

The latter day Demoocracy do not appear to be as loving as they were in the days of old when the appellation of the "harmonious Democracy" was freely given it in all measures calculated to advance the interests of its members and the public. Then, every member of the party worked for the good of the country, the perpetuation of the institutions and government handed down by the sterling men of '76; it was before fraud, corruption and all the bad passions which go to make up the sum total of treason and traitors were allowed to see the light of day; before individuals who espoused doctrines, the practical workings of which were to sever the ties of political brotherhood and deluge the land in blood that was bequeathed to us in peace before the vampires were allowed by public opinion to proclaim treason a virtue and traitors to be worshipped as heroes. In the good old times of Jackson, Madison and Monroe *the* Democratic party taught its followers liberty-loving lessons and inculcated the doctrine that in [illegible] could the friends of civil and religious liberty expect to prove to the monarchies of the world that self-government was anything but a myth. But the great Democracy has degenerated, until now, it is considered a term of approbium, almost synonomous with the crime of treason, to be stigmatized a Democrat. When the present incumbent was confided in by the loyal citizens of our country as one worthy to share the honors of the lamented Lincoln, it was because of his repeated and apparently sincere assertions of the doctrines of Unionism and patriotism; it was thought that a man reared in a section where slavery and all the ills attending it had full scope,—a man who was able to rise above the sectional prejudices and look the evil in the face whilst denouncing it, was worthy of confidence and trust, and the people, admiring the indepehdence and patriotism of one from themselves, placed him in the second most exalted position known to the civilized world. The honor was too great; the calibre of the man failed to realize the expectations his former actions had justified, and he fell. By flattery, cajolery, fawning, and an ambition unworthy the Chief Magistrate of a great nation, he allied himself to those he had but so recently denounced, gave the lie to his oft-repeated and sacred pledges; practical duplicity not only with those he endeavored to conciliate, but attempted the like course toward those he had betrayed, until now there are but few—and those only who are dependant upon him for lucrative places—who either reverence or respect him.

The Chicago *Times*, a paper heretofore thought to be in the confidence of the President, has been read out, together with others of the ilk, and their countenance no longer sought or accepted. His Accidency's organ in Washington, by authority, indicts the Democratic party for having been faithless to all their pledges made at the Philadelphia Convention, and, as a consequence, having been repudiated by nearly every State in the Union." The Democracy are told to "go their way," that by their officious and malicious intermeddling, the act of restoration has been retarded and through their counsels they have "*produced the present misunderstanding between Congress and the President.*" Where will he go now? Certainly the loyal patriotic masses of the North will not touch him; the neglected and snubbed Unionists of the late rebellious States will not confide in him, and no one is so demented as to believe that the secession element will countenance him any longer than they can use him. Verily, "punishment follows close upon the heels of the transgressor." He is now practically without a party, and as soon as the fourth day of March, 1869 dawns upon the world, he will sink so low that there will be "none so poor as to do him reverence.

COURTS IN NEVADA.—The Humboldt *Register* gives the following amusing report of the District Court proceedings recently had at that place:

The December term of the District Court opened, Monday, with prayer, by M. S. Bonnifield, to dismiss attachment in case of Stevenson vs. Nevada Silver Mining Company—granted. One divorce case on calaudor—carried. Probate matters—appointment of Administrators on estates of M. J. Regan, and John Harliss—concluded the business of the Court. No criminal cases. Morals healthy.

FEELING AT THE SOUTH.—The Court of Appeals, the highest judicial authority in Virginia, has recently confirmed the validity of the Secession Ordinance of 1861, and the Raleigh (N. C.) *Progress*, in commenting upon this decision, says that "the same judicial idea is held by nine-tenths, perhaps, of the Southern people." It adds that although it may not be expedient to uphold Secession now, "It ought to be distinctly understood that our section has not yielded the point of *right* in the dispute."

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

LYON'S EXTRACT GINGER.

LYONS' EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Hartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co., is over the cork of each package.—None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist) and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of F. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

SEMI-WEEKLY ENQUIRER.

TOYS, PRESENTS, ETC.—Heads of families will do well to pay the Postoffice Depot a visit before purchasing toys for their little ones, as there they will find everything suited for children from ten down to two years of age. Drums, horses, wagons, whistles, knives, dolls, books, albums, pictures, etc., with several locomotives and trotting-horses which only require to be "wound up" to go. Prices to suit the times.

In the same store Mr. Keeler will be found, as usual, this season of the year, with an excellent assortment of watches, clocks, jewelry, silver-ware, precious stones etc., ready to accommodate all who may favor him with a call.

BY noticing our advertising columns it will be seen that the Supervisors of our county call for "sealed proposals for the surrender of Toll-roads, Toll-trails and Toll-bridges." Those interested in this matter had better be figuring as to the cost of their several "public conveniences," in order to save themselves from ruin, by reason of the "great enterprise" taking away their former travel.

ANOTHER RAILROAD.—Mr. John Doherty, Civil Engineer, has shown us the map of a proposed railroad from this city to Fort Yuma. It is called "The California and Arizona National Railroad." No Company has yet been organized, but will come in due course. The route lies along the foot hills, over a country destined to be one of the best for agriculture in some parts and mining in the others, the State affords. It will go through the Tah-ee-chay-pah and Ojon Passes. The whole distance is about 600 miles. We hope it may be built speedily.—*Ibid.*

If you want to see a large and splendid assortment of watches, finger-rings, breast-pins, silver cups, napkin rings and almost everything usually found in a first class Jewelry store, drop in one door below the Bed Rock Saloon and Mr. J. Wahle will be pleased to show something suitable to present a friend, relative or wife. His prices are moderate and his ware appears to be of the first order.

THE YANKEE COLONY IN PALESTINE.—Letters have been received in town from Dr. Mayo G. Smith, who is one of the colony that sailed from Maine in August for a settlement at Jaffa—ancient Joppa—in the Holy Land. They had a good passage of 42 days, and landed October 4th, the Turkish government favoring the project and allowing them to land their merchandise free of duty. The colony consists of 156 men, women and children. They have carried their church, school house, saw mill, store &c., and have a charming site for their settlement.—*Newberryport Herald.*

INTERNATIONAL SUSPENSION BRIDGE.—This bridge is two miles below Niagara Falls. It connects the Great Western Railroad of Canada with the several railroads of New York. The bridge is a single span of 800 feet in length, elevated 230 feet above the Niagara River, which runs beneath it at the rate of 25 miles an hour, with breakers dashing from 10 to 20 feet high. During the season of travel, the *Maid of the Mist* makes trips from the village of Suspension Bridge to the foot of the Falls. It was from the deck of this vessel that Curch made the sketch after which his celebrated painting of Niagara Falls was made. The view from this point is the most magnificent which can be obtained. The Suspension Bridge is supported by four wire cables 9¼ inches in diameter, with an ultimate capacity of sustaining 10,000 tons.

FEMALE INFLUENCE.—The character of the young men of a community, says a writer, depends much on that of the young women. If the latter are piously cultivated, intelligent and accomplished, the young men will feel the requirement that they themselves should be upright, gentlemanly and refined; but if their female friends are vain frivolous and silly, the young men will be found to be dissipated and worthless. But remember, always, that a sister is the best guardian of a brother's integrity. She is the surest inculcator of a faith in woman's purity. As a daughter she is the pure light of a home. The joy of the father is the oftenest centered on his daughter. She should, therefore, be the sum and substance of all.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.—Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion. Extracts from his letter, published in the Baptist Missionary Magazine: "For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercise, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which ensued [illegible] is quite incredible what an awfully virulent poison their sting contains! I flew to my bottle of DAVIS' PAIN KILLER, the panacea by its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. Those two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. Which for Burns, Scalds, Childbains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

A DIVORCE CASE IN YE OLDEN TIME.—The recent case of a young wife in Michigan, who, after a honeymoon of only twenty-four hours, obtained a divorce on the ground that "her man was not so rich as she thought he was," reminds the Hartford *Times* of a divorce case which occurred in that city some fifty years ago. It is related as follows: "Roberts & Burt had a book and job printing office on State street. They employed an old pressman named Barker. He was sixty-five years of age, but still good at beating the forms with the old-fashioned 'balls.' He got drunk every night, but was steady during the day, except on Sunday, when he imitated the 'old speckled hen,' and 'layed to it' three times. He expressed a desire to get married; and at the boarding house of one of the printers was a widow of about Barker's age, who was troubled with the same desire. With the aid of another pressman he brought about a meeting, and for one week there was sharp courting in the kitchen. One of the printers, in his desire to see the old couple make love, climbed on top of a hogshead at the corner of the shed and peeped into the window. He heard the widow exclaim 'We agree exactly in everything,' as the [illegible] gave her a smack, when the board upon which he stood gave way, and he went down all over into a hogshead of water. This cooled off his curiosity. The next Saturday night was appointed for the wedding. The widow had some means, and she procurred a comfortable tenement and furnished it. At dark on Saturday, the bride was attired for the altar, but Barker did not appear in the parlor of his new home. The two pressmen started out and found him drunk at Sears' tavern. By pumping cold water on his head and walking him up and down in the open air they got him ready for the hymenial altar at 8 P. M., and he stood up straight enough during the service. In the morning the widow kicked him out of the house and forbid his entrance from that time henceforth and forever. The two pressmen called upon her to enquire what she meant by such treatment. 'Oh, he's a poor stick,' said she, and the bride kept on knitting. In twelve hours' time she divorced herself. Barker left town the next day."

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets, SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to [illegible] for one of my circulars on that disease, and inform yourself of its terrible results. The w[illegible] days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable manner, and those who may favor him with their confidence may rely upon the most inviolable secrecy, respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 13th day of January, A. D. 1864.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands [illegible] and cured place it in point of numbers [illegible] and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it: they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loath-some grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.
